PRIVATE NETWORKS DATA + VOICE BUNDLES

The Service:

We can deliver our service over the available deployed Private infrastructure means (Fibre To The Home, Fibre to the Basement (VDSL) and Fixed Wireless). Services that contain a monthly usage allowance will have speed restrictions applied to 1024Kbps downstream and 512Kbps upstream when the allocated monthly allowance is reached. No additional charges will be applied to your account. To assist you in managing your usage you can monitor your allowance via our customer portal. Notifications are sent to your selected e-mail address once you have consumed 50%, 85% and 100% of your allocated allowance.

All voice services are delivered as VoIP (Voice over IP) via your active Internet Service.

All Voice and Data services are bound by our fair use policy (<https://support.activeutilities.com.au/hc/en-us/articles/201368184-Voice-Data-Fair-Use-Policy>).

Bundling:

To Get Active Voice service you must have an Internet service provided by Active Utilities.

Mandatory Components:

In order to receive a Data and Voice service your premises needs to be registered as an active dwelling on the LBNCo Network. We will confirm this for you
